In Dedication
Dave Gautreau

"Throughout my four years at Waltham High School there has been one teacher that has stuck with me during all four years. That teacher is Mr. Gautreau. From the moment I entered the automotive shop his passion for the industry was evident. Mr. Gautreau truly loved doing what he did and it showed through the way he taught. He took the time to stay educated on the industries fast-evolving technologies in order to relay that information to his students. This inspired us to keep learning and experiencing new things. His favorite days at Waltham High came when he sparked enough interest in his students that made them eager to learn more.

Mr. Gautreau began his teaching career on September 1, 1985, at the Waltham Vocational School located on Summer St. In June of 1997, the Waltham Vocational school closed relocating most of the programs to Waltham High School including Automotive Technology, where a state of the art Auto shop was built for both Automotive and Collision Technologies. This was a challenge for both the vocational students and staff. The schedule was completely different from the Vocational school and the teachers needed to be proactive to ensure that their students would adapt to the change. Mr. Gautreau rose to the occasion by helping in whatever way he could to make the transition a smooth one.

In his spare time he loved to play hockey and always looked forward to playing in the annual student vs faculty hockey game. When the warmer weather set in you would hear the roaring sound of Mr. G's motorcycle coming up the WHS hill. We would know when a school vacation was fast approaching when Mr. G. dusted off the ping pong table and showed us how to really play the game. It was a life lesson that he taught us, learning something new, hard work and never giving up will always pay off.

Mr. G and his wife just bought a new home with a two story, 10 car garage. I guess I know where he will be spending most of his retirement days.

The Auto class of 2017 is honored that our yearbook is being dedicated to Mr. Gautreau, because Mr. G is more than just a teacher, he is every Auto student's best friend."

Living the Dream
Class of 2017
Waltham High School

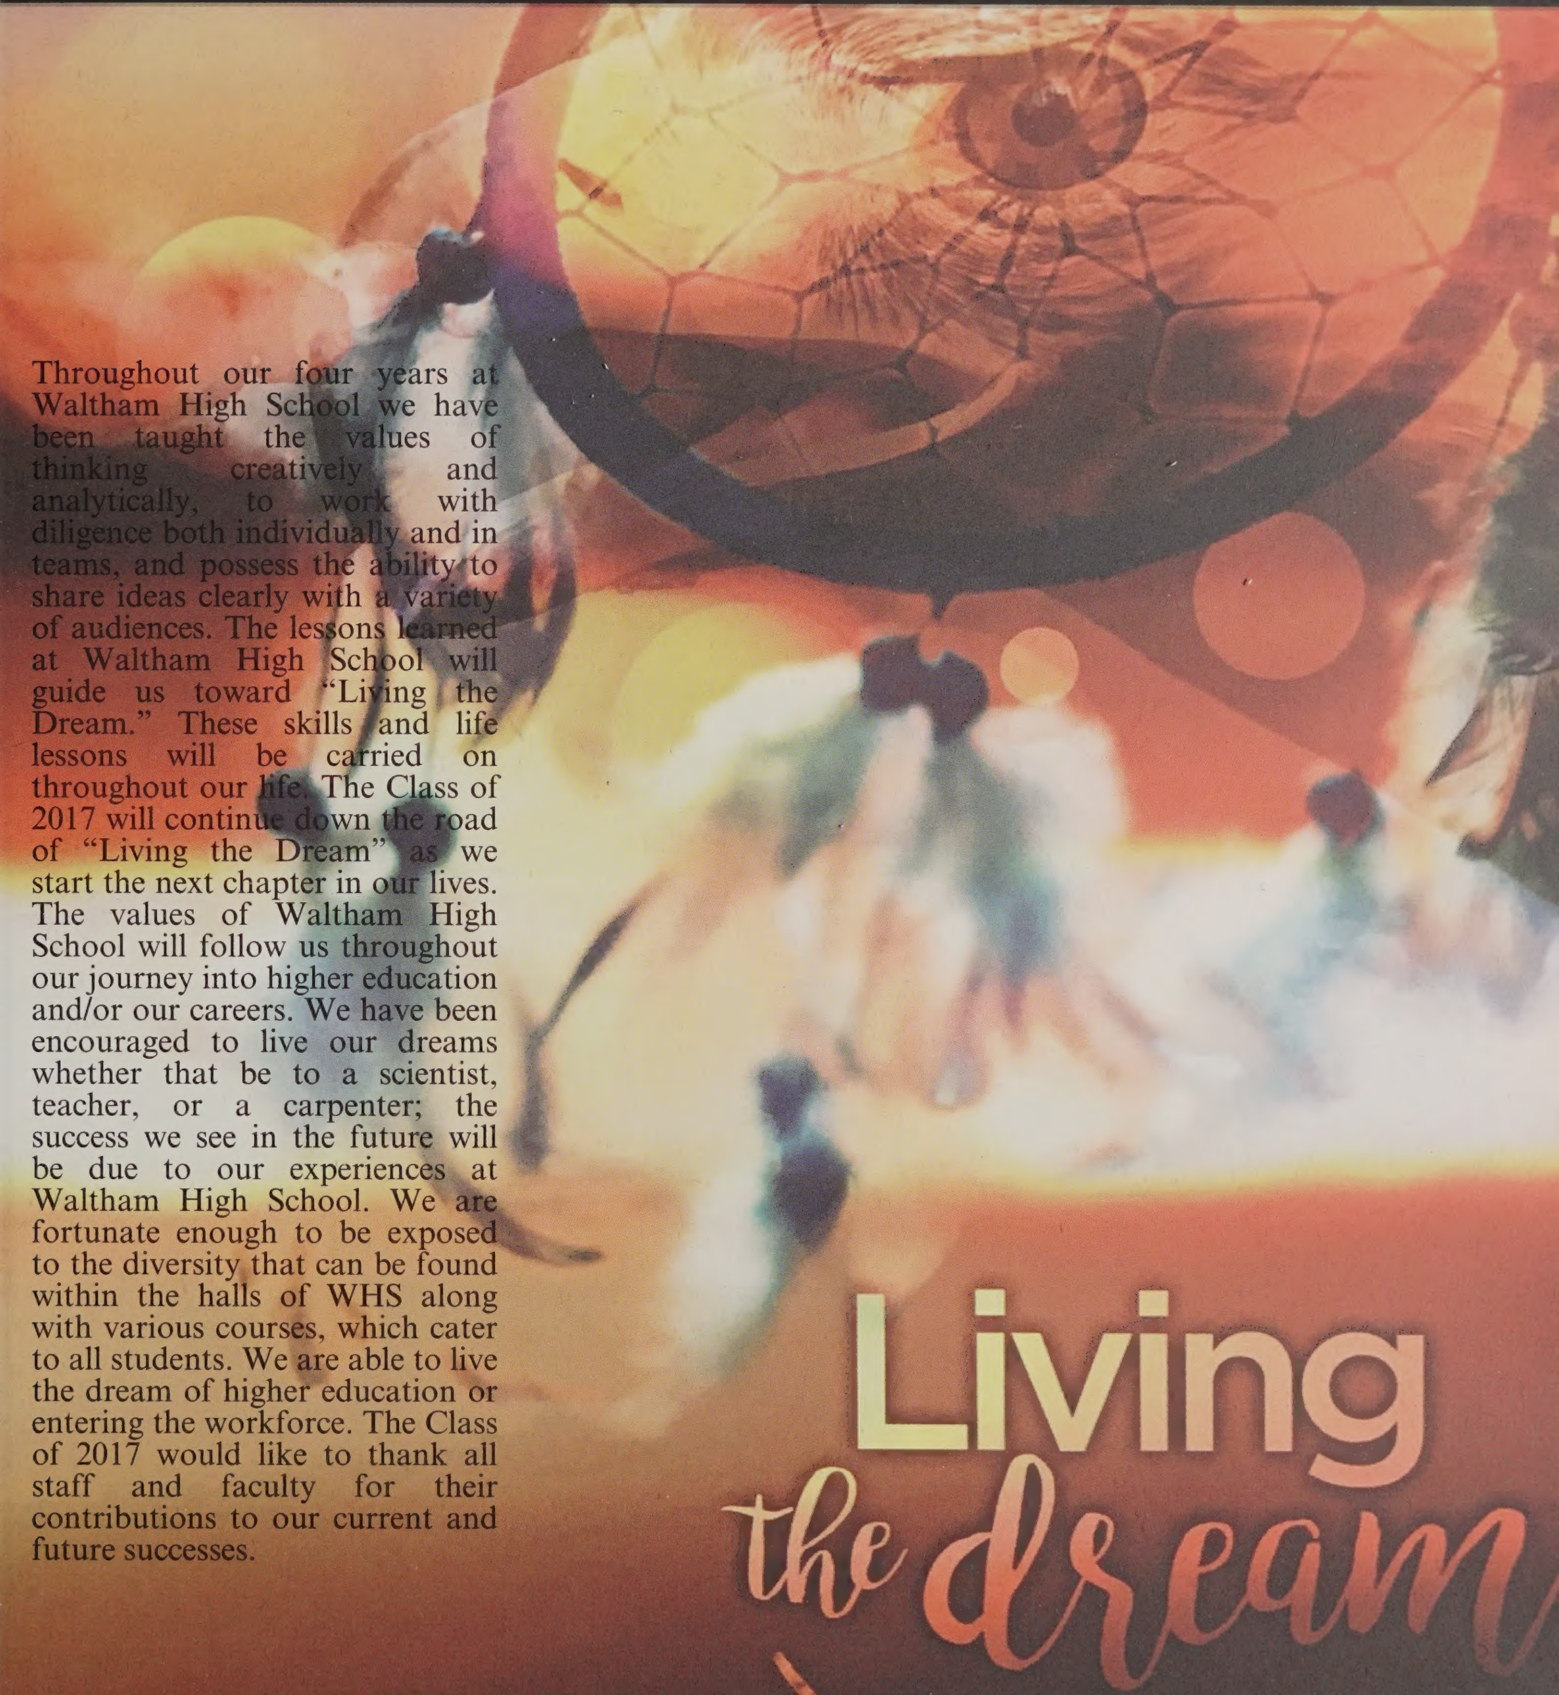
The Class of 2017 would like to recognize a few individuals who have contributed to the success of our class. The House Office staff, Mrs. Brennan, Mrs. Walsh, and Ms. Malone have been critical to the achievements of our class. Thank you for working endlessly and tirelessly to ensure our dreams are accomplished.

Mrs. Brennan has taken the time to make our class' voices heard. As her first four year graduating class, we are proud to have shared our journey throughout high school. She has made it possible for us as students to make our dreams become reality. She has made the Waltham High community a much more welcoming environment for all students. Ms.Burke, Ms. Malone, and Mrs. Brennan have allowed most of the student body to experience challenge day. Challenge day has allowed us to see other people's background in a very comfortable manner. These women have inspired us to do greater things and always pushed us to do the right thing, even if it's as small as coming into school on time or achieving our utmost goals or aspirations in life. These women have been with us ever since we were little freshman telling us how quickly it would all go by and no one seemed to listen. In the blink of an eye the Class of 2017 is walking across the stage to receive our diplomas. They have prepared us to face any obstacle that life puts in front of us, most importantly, college. With setting us up to reach our realistic goals, these women have encouraged us to achieve anything we put our minds to. These women have always been so genuine to us, as students by listening to us whenever we have an issue with anything that involves our education. We, as a class are so thankful to have these role models to look up to with their responsibility authenticity that they have demonstrated throughout our years here at the high school. Their acceptance and inclusivity of all of the students, in not only our class, but in the whole school has created an amazing sense of community throughout.

Mrs. Walsh has made our school day very easy on students, allowing kids to come in comfortably and be dismissed easily. She has created a positive atmosphere in our house office to make sure everything in our grade is running smoothly to be able to allow kids to get dismissed, get to class, etc. She is also a very reliable person to be able to go to talk to whenever there is an issue that needs to be resolved or really to talk about anything.

Ms.Malone is an extraordinary individual who goes over the top to include every single person in the school and make everyone feel comfortable. Ms. Malone single handedly shifts the school climate in an incredibly positive way. We constantly see Ms. Malone with a smile on her face, ready to take on the day. She not only graduated from Waltham High but she also gives back to the community and encourages students to step out of their comfort zones. She participates in Dance Theatre as an alum and continues to entertain our class.

The Class of 2017 is proud to have had these women as role models in our lives and will be forever grateful for their contribution. Thank you!



Throughout our four years at Waltham High School we have been taught the values of thinking creatively and analytically, to work with diligence both individually and in teams, and possess the ability to share ideas clearly with a variety of audiences. The lessons learned at Waltham High School will guide us toward "Living the Dream." These skills and life lessons will be carried on throughout our life. The Class of 2017 will continue down the road of "Living the Dream" as we start the next chapter in our lives. The values of Waltham High School will follow us throughout our journey into higher education and/or our careers. We have been encouraged to live our dreams whether that be to a scientist, teacher, or a carpenter; the success we see in the future will be due to our experiences at Waltham High School. We are fortunate enough to be exposed to the diversity that can be found within the halls of WHS along with various courses, which cater to all students. We are able to live the dream of higher education or entering the workforce. The Class of 2017 would like to thank all staff and faculty for their contributions to our current and future successes.

"This was a season full of amazing people and memories. I will never forget my teammates from this season and previous seasons. A big thanks to my coaches for always pushing me to do better. Love you all!"
- Julia Jones

"This season is one to remember, with great memories. I am extremely thankful and excited that I was voted captain this year! We have a great group of girls and we all work hard."
- Emma Doherty

Captains

"I feel like as a team we collectively decided to put in the work over the summer and during the season to get us to the record we have now which is a big turn around from years past. We all played as one, no one was an individual on that field and we always made sure to leave everything we had on that football field. I love this team and everyone on it and thats what Waltham football is about, family,grind,hard work and determination."

Dreams of Touchdowns

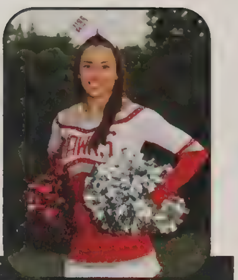
"We are just a band of brothers that come in to grind day in and day out for the love of the game" -Isaiah Quinones

"Remember who you play for. Remember who you wake up everyday and push through for. When you're feeling down and need someone when nobody's there, just think about them, and remember, take your steps."- Matthew Pintabone

"From the second pre-season started you could tell that this years team was a lot different than the past couple years. The energy is a lot higher, coaching staff is full of excitement, and there's a huge senior group which is always a good thing. It's just nice knowing that the program seems to be heading in the right direction and it's awesome to be a part of that." -Jonathan Coates



Captain's Corner

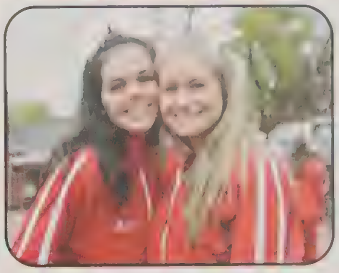
"Somewhere behind the athletes we are today, was a little girl who fell in love with the sport of cheerleading.
Our teamwork makes our dreams happen and our success is possible thanks to our never ending support from our Coach K and our fans. "
- Sarah DiGiorgio

"On and off season our team has worked extremely hard to achieve our goals and create a strong and proud name for ourselves. I couldn't be more grateful to have spent my last cheer season with 32 sisters who share an unbreakble bond built with determination, respect and friendship."
- Lindsey Johnson

"This team lives by the phrase 'start unknown, finish unforgettable' as we have grown tremendously over the past four years. My coach and teammates will be in my heart forever and I'm so thankful to be a part of this team, as they have greatly contributed into making my high school cheerleading experience one to remember. "
- Molly McKean

The Waltham High School Football Cheerleading team consists of 32 girls. Their accomplishments extend well beyond the field. The girls were leaders at Waltham High School as well as in their community participating in numerous community events both on and off season. Some of these events include the Melanoma 5K, Piggy's 5K, the Waltham Youth Hockey Race to the Rink 5K, participated in Cheer for Dana Farber raising money for cancer research, volunteered with the Special Olympics, held a clothing drive for the victims of Hurricane Matthew in Haiti, participated in the Student Santa Program, took an active role in the Youth Summit and held youth clinics for the children of Waltham. These student athletes embody hard work which is the key to their successes. They are powerful role models who put forth the effort to make a difference.

Dreams of STATES



he Waltham High School competitive cheer team, made up of 16 athletes, had an amazing, ndefeated season! They won first place at both invitationals. They won first place in the Duall ounty League and were named Grand Champions with the highest score. At Regionals, they laced first and were named D2 North Regional Champions for the second consecutive year. The eam competed at States and placed first in the State of Massachusetts in Division 2. This has made istory for the Waltham High School Cheerleading Program.
hey are your 2016 STATE CHAMPIONS!

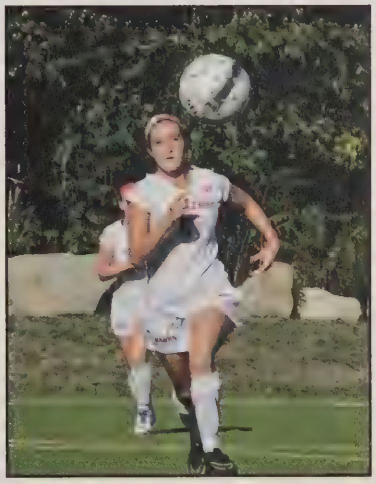
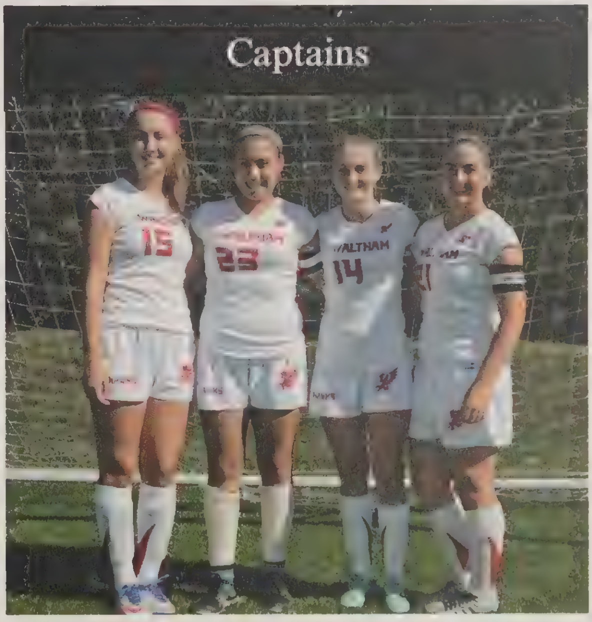
Dreams of Goals

The girls’ soccer program demonstrated the importance that 'student' comes first in 'student-athlete.' Our seniors exemplified academic leadership this year when all of our four-year WHS girls' soccer seniors were inducted into the National Honor Society. Many underclassmen in the program have also excelled academically and have proven to be leaders in the classroom. Moreover, the student-athletes in the program dedicated their time and effort to many community-service based projects and events, includimg the End Alzheimer’s Walk, the Melanoma Awareness 5k, WHS’s Fall Fest, and the program raised a respectable sum of money to donate to the American Cancer Society.

Even though the team is still growing and developing in regards to skill and athletic maturity, some extremely strong building blocks were put into place this year; it is anticipated that this foundation will support the team next year and will hopefully create opportunities for ‘on the field’ success in the future. -Mrs. Lindstrom, Coach.





"Teamwork Reveals Unbelievable Strength Together. This team, on and off the field, has looked out for one another. We have invested countless hours of dedication and passion committing ourselves to everything we have accomplished. We have encouraged each other to improve throughout the season. When we were facing tough times, we lifted our heads. When we were being successful, we remained composed. Our positive mentality and shining energy throughout the season was the key to success. Although the results were frustrating at times, I'm proud to say we played as a team should; intensity ridden to the last second. Waltham High is greatly presented in these individuals. Go Hawks!" -Janet Orozco

"The season has been challenging considering the tough league we're in, but despite the strong teams out there we've managed to stay positive and work hard everyday. We have a lot of great talent on the team and it's been a priority to make sure we work well as a team and pick each other up when we're down. This year's team is unlike any other, we're changing the culture in the Waltham volleyball world not just skill wise but attitude as well. We're a well bonded team which is a huge difference compared to years past. Our team has been blessed with many amazing coaches coming to our practices alongside our dedicated Head Coach Mike Murphy, and with so much young talent in our program, the team is sure to do big things in the years to come."

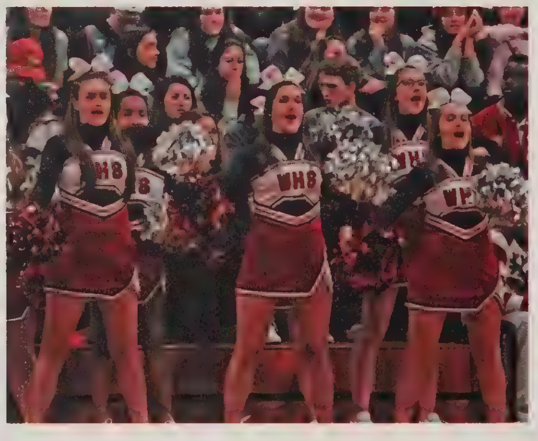
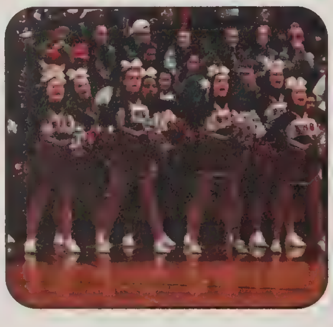
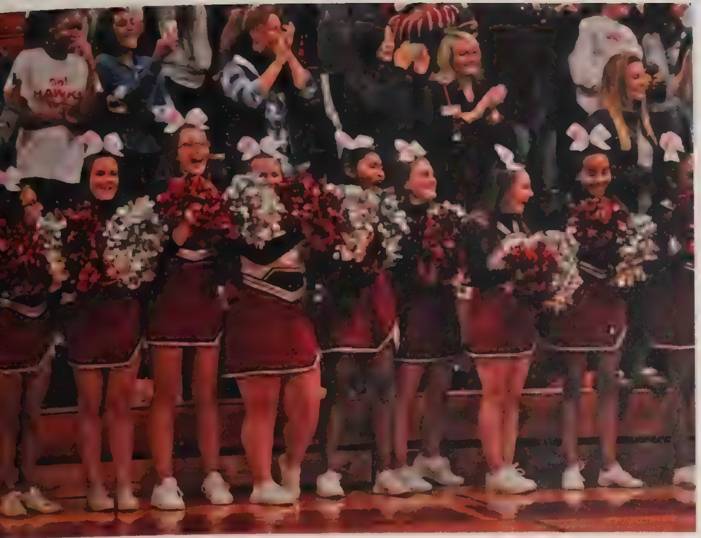
NATION

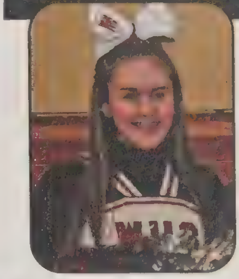


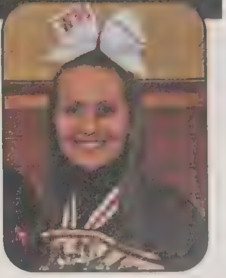


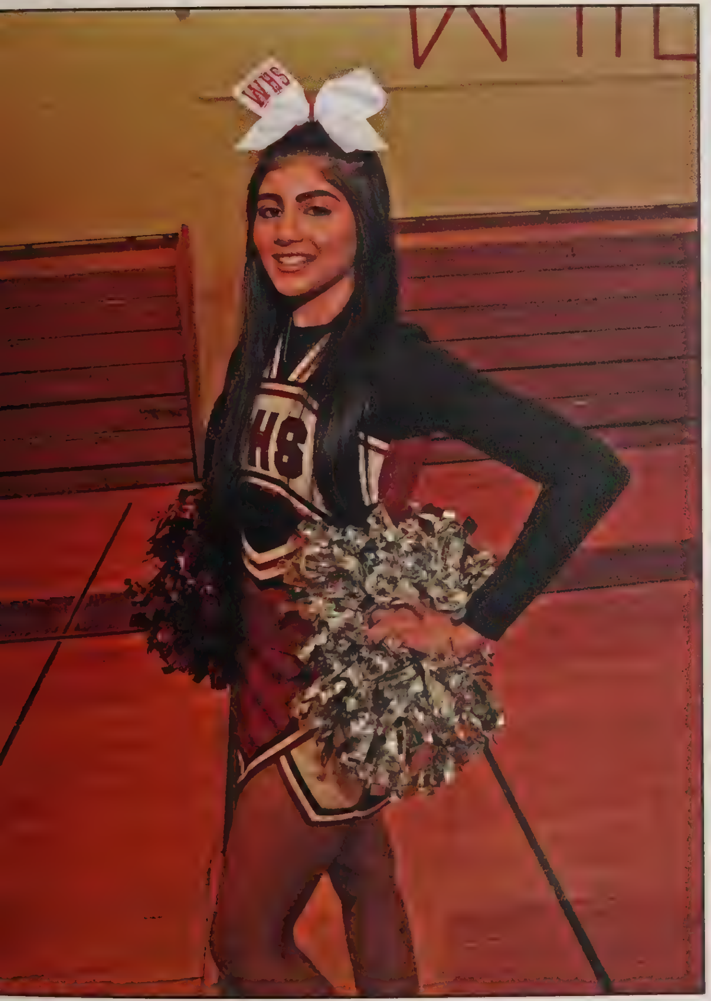


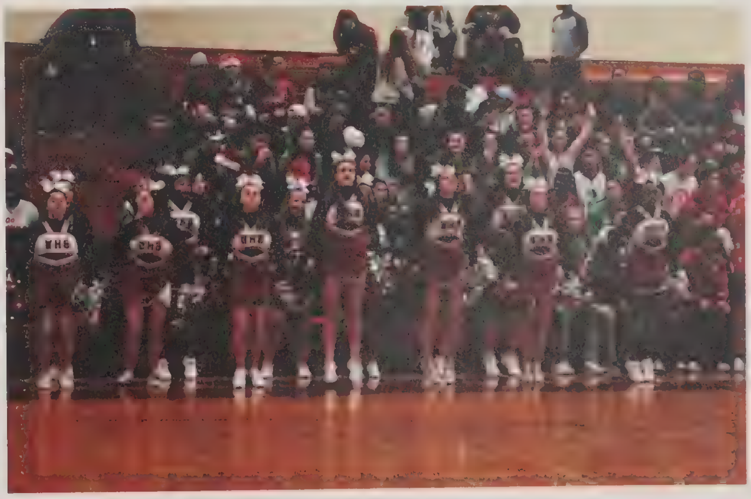
he 2016-2017 Basketball Cheerleading Team was made up of 22 eerleaders including 1 senior, 6 juniors, 6 sophomores, and 9 freshmen. hey were led by captains Tori Blanchard and Autumn Medbery. The eerleaders brought a lot of spirit and excitement to the basketball mes. One of the highlights of the season was cheering on the boys at the D Garden as they faced Newton North in the 2017 Good Sports vitational Tournament. The Waltham Hawks had not had a team play the Boston Garden in over 50 years. It was a once in a lifetime perience to cheer on the Hawks on the TD Garden parquet. It's mething the girls will remember for a lifetime.

Captains









"We have a great team. All the guys really have bought into the idea of completing our team goals that we set out for before the season started. For this season to be a success, every game has to be a dogfight from start to finish. I have complete confidence in the great group of young men on our team."-Cameron Egan

Dreams of Winning the Faceoff

"The team this year was definitely underestimated, everyone thought losing a senior goalie and a bunch of seniors was going to hurt us a lot but we went out and proved people wrong. The determination of the team is what I'm most proud of. It doesn't matter what the score was we never gave up and always played hard until the last whistle. Some of these kids I've been playing with my whole life and I'm going to miss all the good times we've had together."- Steven Giardina

"I'll forever cherish the memories of playing high school hockey for 3 years. There is no greater sport and it is certainly a brotherhood. Thanks to coaches Dan Doyle and John Maguire, I have learned the importance of hard work, passion and selflessness when in pursuit of the teams common goal."-Charles LeClair

Dreams of Assists and Goals

"Going into the season I feel like a lot of people doubted our abilities. Being able to go out there every game and prove people wrong is just part of the fun. The other part comes from the chemistry we all have on and off the ice."

When Greta, a young girl living in Nazi Germany, reads that the nearby women's concentration camp is hiring guards, she sees it as a chance to find her place in the world and provide for her sister Lise. But soon she learns the reality of her duties, and so too does she learn how to justify her crimes, heading further and further down the dark road laid by the Third Reich. Kind-hearted Lise is shocked at what her sister becomes, and though the two drift apart, their fates remain inextricably and dangerously linked. A powerful drama about the choices that allow evil to become ordinary.

The Spanish Club promotes language and culture through a variety of events during the year: celebration of El dia de los muertos in November. A celebration with other language clubs for the holiday season in December. Fall Festival, Spring Fest, cooking lesson, dance lesson, movie/film days…and of course our big cultural night: Sabor Latino in April/May.
Officers: Paulo Mendes, Carrie Tam, Jillian Donnelly, and Mirna Marroquin

R.E.C.

Revolutionary Equality Council (R.E.C) is student run club where students run club where students discuss and gain more knowledge on topics that are impacting our society and its people. This includes political, economic, social and other issues. The objective is to spread awareness and help bigger organizations that are trying to do the similar things. Together we can make a difference!

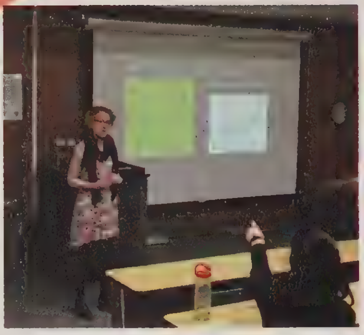
Founder: Steffi Dol
Co-Founder: Melissa Nicolas
Chair man: Isaiah Johnson & Keith Mukire

Robotics

The Robotics Team plans, designs, builds, programs, tests, troubleshoots and presents a robot for the US FIRST Tech Challenge Massachusetts Regional Competition. Team members develop communication, business, engineering, computer, mathematical, leadership, mechanical, scientific and electronics skills.

Science Club

Members of the Science Club are students in grades 9-12 with a serious interest in the sciences. Students visit area universities and laboratories. A school or community service project is completed each year.



Student Council

An organization that plans many of the full school activities at Waltham High. Events include the Student Santa Program, Homecoming, and the Scavenger Hunt. Elections are held in June each year.

Auto Mechanics

The automotive mechanic is an important worker in our society. The ability to make a fast and accurate diagnosis of automotive trouble is one of the mechanic's most valuable skills. It requires good reasoning ability, as well as a complete working knowledge of automobiles. Automotive mechanics earn high salaries while working in a field that is challenging.

The auto body specialist faces the challenge of repairing damaged cars, trucks, boats, and airplanes. The ability to take a damaged vehicle and restore it to its original condition provides a great deal of pride and satisfaction. The collision technology program has been designed to help the student obtain marketable skills.

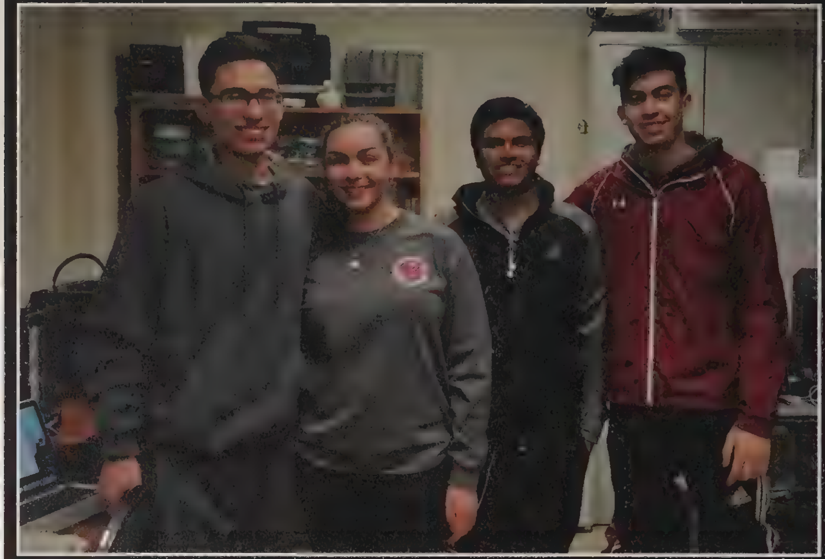
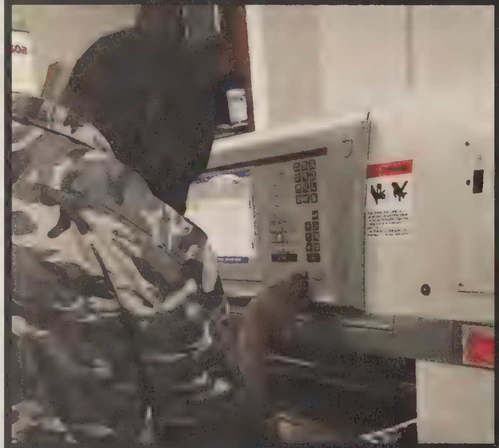
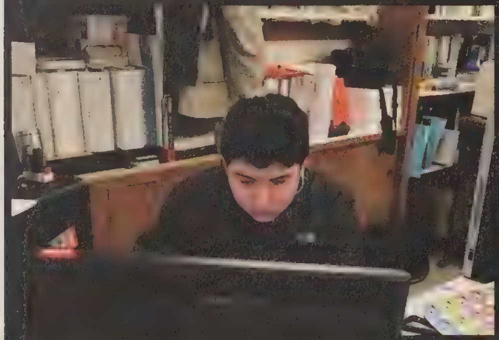
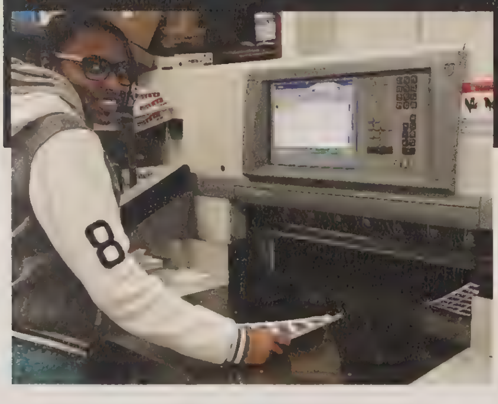
Youth Tech Entrepreneurs

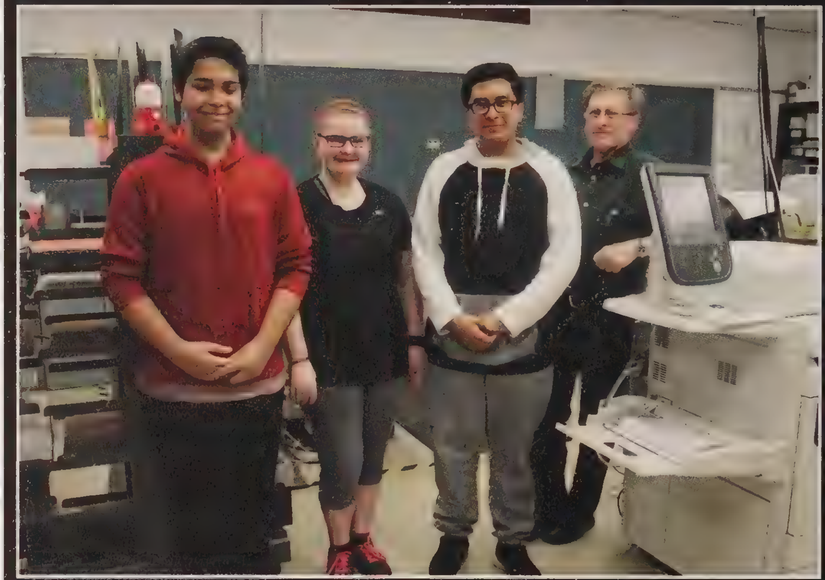


Youth Tech Entrepreneurs (YTE) develops student leaders, who use their academic, information technology and business skills to build stronger communities. YTE partners with schools and teachers committed to integrating community service and business concepts into information technology courses. Through curriculum, training and school support, YTE prepares students for success in further education and beyond.



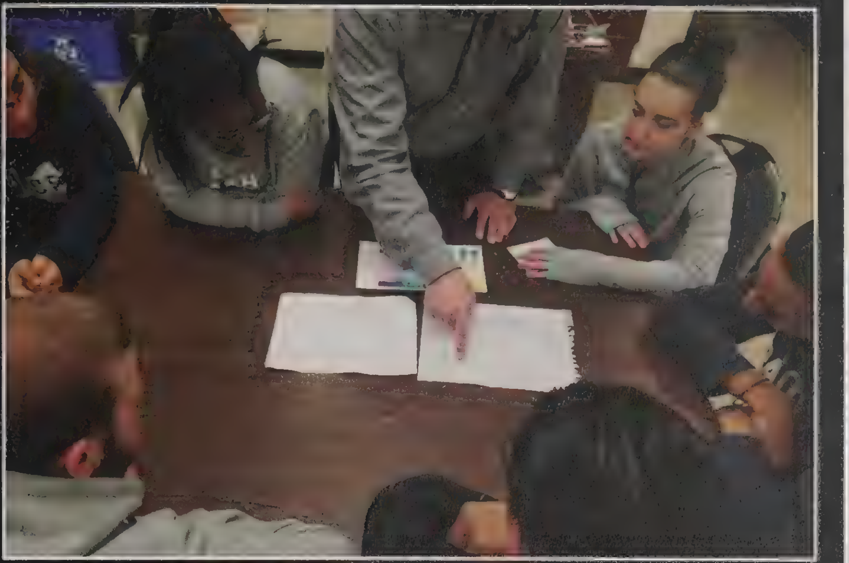






Our Graphic Communications students create and print material for the entire school system. They work in the copy center and print shop to create the artwork necessary for efficient and economical reproduction. Besides learning how to create the artwork they learn about each of the machines used in the printing industry from simple single-color copying to offset, dye-sublimation, and 3D printing. They also provide photography, bindery, and customer service functions. Nearly everything used in the system, from report card blanks, corridor passes, cut and blue slips, nurse and administrative forms, letterheads, envelopes and business cards to posters, are produced by the students in the Graphic Communications program. Students are ready for a career and future in which they truly understand the importance of attendance and meeting deadlines, paying attention to details, having a positive "we can-do anything" attitude, and constantly improving the quality of their product.

Graphic Communications



The Graphic Design, Advanced Placement Design, Digital Illustration and Advanced Illustration classes allow students to experience many careers in the Commercial Arts. "This is where artists go to get jobs." From designing magazines and DVD covers, to posters and toy package designs - Graphic Design is a career of communicating using visuals and text. Illustration is visual communication using only image, including book illustration, science fiction and fantasy illustration, comic books, graphic novels and children's books.

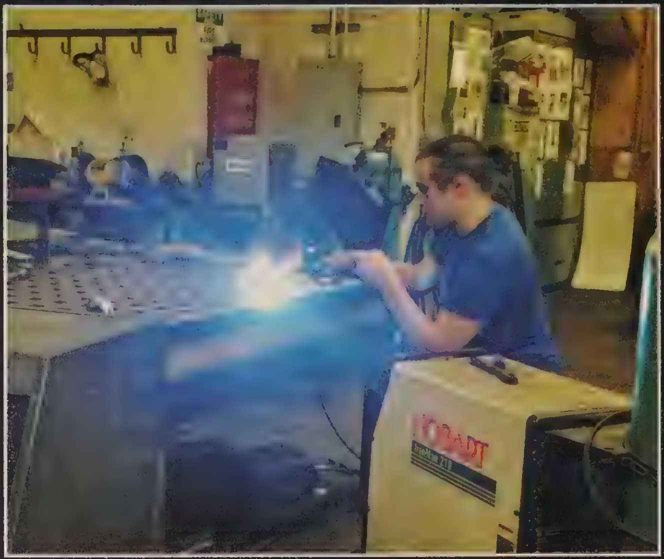
Metal Fabrications

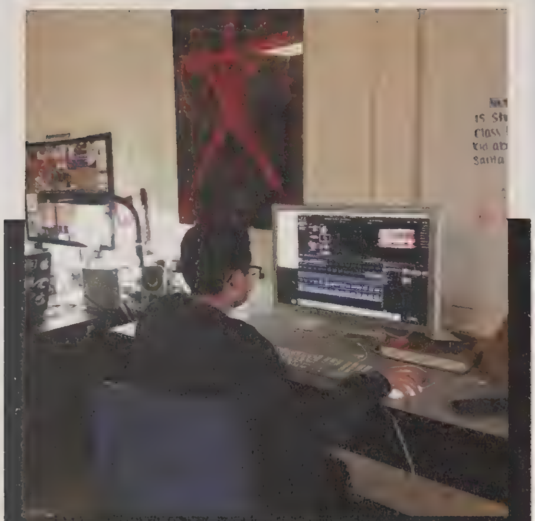


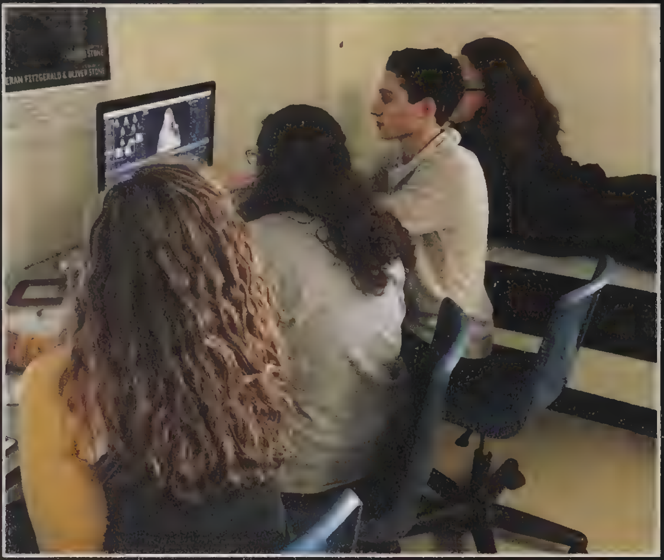
Metal Fabrication involves the forming, joining, and cutting of metal. Students learn arc welding, resistance welding, brazing, cutting and heat-treating and metallurgy. Cutting techniques learned include gas, arc, Mig, Tig, and pipe welding and plasma and gas cutting. A significant part of instruction takes place on real-world projects in the shop, and involve hands-on, practical experience.

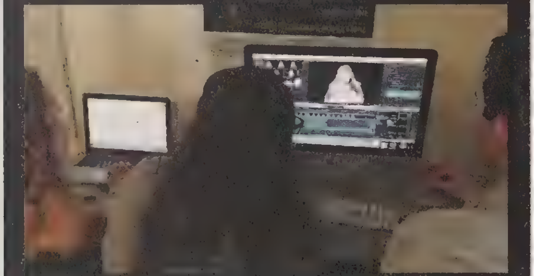
Carpentry

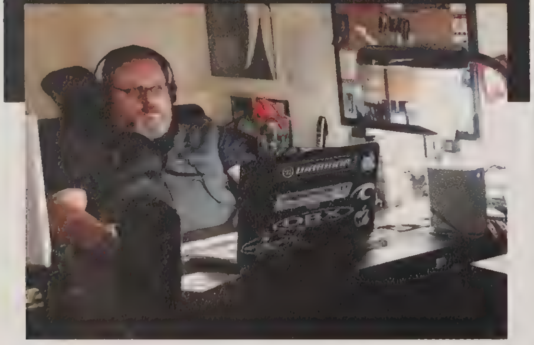
Carpenters work with one of America's greatest natural resources - wood. A good carpenter knows the best type of wood for a given job. Maple, oak, cherry, pine, or mahogany - each has its own unique strength and application from framing a house to building a park bench. The Carpentry program concentrates on building skills and working in harmony with others to insure your future success in this high-demand occupation.

TV Broadcasting









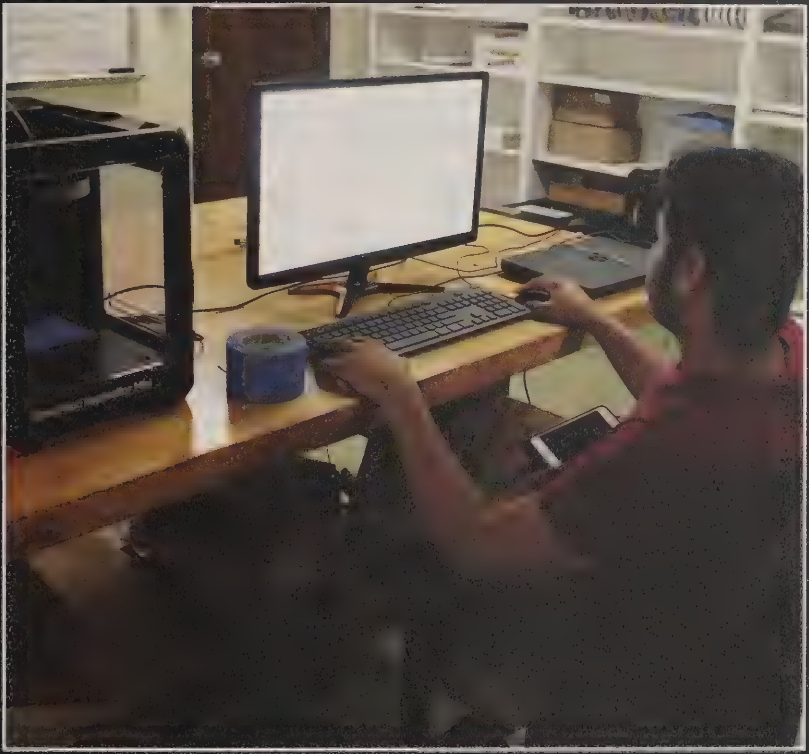
The goal of the television broadcasting program is to teach students the basics of writing and technical skills required for quality video production. They will experience the opportunities of producing varied types of projects that include, news packages, documentaries, interviews, as well as other short films. As they progress through the program, students will be exposed to the 'real world' roles of writer, producer, director, actor, camera operator, technical and audio directors, and editors by running a weekly news show about what is going on at Waltham High School.

Some examples of projects that our students have done this year include: a personal biography, a music video, news packages for our weekly newscast, as well as television series highlighting musicians in and around the Greater Boston area.

SALEM STATE UNIVERSITY

Electrical

The Electrical program at WHS introduces and trains students in the different wiring methods and devices used in the trade. Some jobs our students can obtain are, Electrical Apprentice and with on the job training, night school, they can earn their Journeyman Electrician's License and later their Master Electrician's License. Students have been wiring projects using different wiring methods and that are used in residential, commercial and industrial applications. They have also learned to wire various devices such as single pole, 3-way, and 4-way switches, GFCI outlets, receptacle outlets, and electrical lighting. We also cover topics that have to do with construction safety.



The Electronics Technology Program prepares students to enter the diverse and lucrative industry of electronics as a technician by applying scientific principles of electronic devices and circuits leading to practical computer, telecommunications and robotics systems outcomes using state-of-the-art equipment, materials and processes.

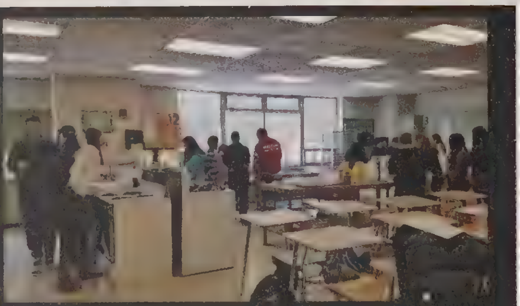
Culinary Arts



The Culinary Arts program uses a competency based industry relevant curriculum to prepare students to work in a professional kitchen, bakery, and other restaurant/ hospitality industry career. Some projects this year included catering various school events, including meetings for administration, NEASC committee, WHS health fair, WEBF foundation fundraiser, and the Watch City Cafe. Our student chefs prepared many items including chicken, vegetables, pizzas, calzones, desserts, baked goods, crepes, breakfast items, dips, soups, and sauces.

Robert,
In what seems like a blink of an eye you have gone from being the happiest baby to an active toddler to a curious little boy to what you are now- a strong, independent, hard-working and intelligent young man we are all very proud of. Remember- So many of our dreams seem impossible, then they seem improbable, and then, when we summon the will, they soon become inevitable.
